Especially because it's expensive even for a used copy. My students don't like this book either, so I am trying to find an alternative0 of 0 people found the following review helpful. Needs a Proper EditorBy Maureen MisuracaI really have a hard time, at graduate level, to read books specific to academia, that don't have proper editing. Between spelling errors, grammatical errors and just subject flow and overall organization, I struggled with this book.0 of 0 people found the following review helpful. Five StarsBy Kip JonesGood school book. I actually read most of it.
