C T Summerhayes : Father's Guide to Family Court: How I Represented Myself in Family Court - and WON!
before purchasing it in order to gage whether or not it would be worth my time, and all praised Father's Guide to Family Court: How I Represented Myself in Family Court - and WON!:

0 of 0 people found the following review helpful. Great Cheerleading!By JONATHAN C MONTYGreat motivational book with all the basic starting points you need to know to start wrapping your head around for the battle!0 of 0 people

found the following review helpful. Informative, yet vaguely so. By Levi A. Heaton III Vague and not well written. However, I did learn from reading it. Instead of telling me go research a topic it would have been better if he went into more detail. I am already researching. That is why I decided to read your book.

Lawyers can be extremely costly. And government subsidies run out quickly. Most fathers who are going through the family court process end up self-represented. Resources are exhausted. But court proceedings will continue with, or without a lawyer. A court battle can be daunting and intimidating. This book can help you overcome your fears, and face the judge with confidence. "Father's Guide to Family Court" is divided into two sections: Section 1: How I Represented Myself in Family Court - and WON! Section 2: Practical Guide - a step-by-step guide from your first court date to the end of your trial. * Learn how to prepare for court. * Learn how to have a winning attitude that judges love. * Learn how to represent yourself. * Learn valuable strategies that will drastically increase your chances of "winning". Father's Guide to Family Court is like having your own coach - in a book!

About the Author C. T. Summerhayes is experienced in Family Court proceedings, and has gained valuable knowledge about the family court system. Having been through a full-blown family court trial without a lawyer - with success - Summerhayes has a lot to contribute to others who are facing the same challenge.
