Thomson West : Federal Communications Laws, 2013 ed. before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Communications Laws, 2013 ed.:

This title contains the text of Title 47 (Telegraphs, Telephones, and Radiotelegraphs) of the; and related statute sections covering topics such as telemarketing, privacy, e-commerce, stored communications, computer fraud, and surveillance. It also includes other provisions that affect the telecommunications industry, including antitrust and administrative procedure statutes. The statute sections are amended to Pub. L. No. 113-31, approved August 9, 2013.
