**Grayson McCouch : Federal Estate and Gift Taxation (American Casebook Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Federal Estate and Gift Taxation (American Casebook Series):

0 of 0 people found the following review helpful. Thank god for this By peoniesfireworks My professor for this class was disorganized and a bit awful, I hate to say. However, where he forgot things or glossed over them, I was able to use this book to actually teach me estate, gift, and GST tax. I wasn't a huge fan of the way things were organized (I prefer to tackle the three taxes separately, even though they definitely overlap) but that's a small gripe. 2 of 2 people found the following review helpful. Excellent introduction to transfer tax. By blake.taylor Well written, accessible, and very thorough. Effectively outlines the history of various aspects of the transfer tax regime and provides detailed

analysis of the current state of the law. Excellent introduction to transfer tax and the various considerations that are necessary to tailoring wealth transfer plans. 2 of 2 people found the following review helpful. Great Intro Book By chicagopal This book is well written and easy to comprehend. It's a definite plus for those seeking an introduction to estate and gift taxation.

The Ninth Edition continues to provide an engaging and insightful introduction to the federal estate, gift and generation-skipping transfer taxes, placing leading cases in historical context, and exploring their practical significance and policy implications. The new edition takes account of recent statutory changes (including the scheduled phaseout of the taxes under the 2001 Act) as well as judicial and administrative rulings concerning family limited partnerships, annual exclusion gifts, contingent liabilities, restrictive agreements, and valuation discounts.
