The reader is reminded in every chapter: (1) that they should hire an attorney; and (2) that Mr. Henninger's firm has made appearances throughout the state and has handled hundreds of DCPP cases. Because as Mr. Henninger points out, every case is factually different, no strategic advice is given. Therefore, this book constitutes a very broad outline of the DCPP neglect/abuse investigative and prosecutorial process. 2.5 Stars.0 of 0 people found the following review helpful. Helpful AdviceBy HideThis book is very helpful if you can't afford a lawyer. Obviously, a lawyer would make things a lot easier, but if you don't have the money to hire one, this is the next best thing.

DCPP otherwise known as DYFS, can ruin your life if you do not handle the case carefully. This book will take you through every part of a child neglect and abuse case so that you can learn how to protect yourself. While not a substitute for hiring a good lawyer, you will learn what should be done at every step of the case. This will allow you to have more meaningful discussions with your lawyer. As a result, you will be able to fight back against DCPP and get your life back..
