This book contains invaluable information that you will not hear anywhere else about the legal shell game that goes on in the court systems and law offices of this country. You never know when you or a loved one may find yourself in a legal battle of some sort, and having the upper hand advantage is important. I think most of us if asked, would not be able to answer the question "How do you protect yourself from your own attorney?",and this book will equip you to answer that question. Weather you've been in a legal battle,or are currently in one this book is a must read !0 of 0 people found the following review helpful. Don't give up, Don't give in!By

Turyia This is an excellent book! Especially for the ProSe Litigant since many Judges sate very biased against those who have no other choice. AT first I didn't care for the large font but as it turned out things began to pop out that was very pertinent to my particular case. The contents of this book will help you going. The courts will try to frustrate you to the point of throwing up your hands give up. But those of us who have experienced Legal Abuse (DSM V under PTSD) is litigant!!! Do not give up. 6 of 6 people found the following review helpful. A book who's time has arrived!!!!!! By Carla Glade This book is amazing. I'm so happy that you wrote this book. I felt alone in my experience in the court system. What a tragedy our court system has become. It shouldn't even be allowed to be in business. I highly recommend your book to all others caught up in the quagmire of the court system with no way out! I'm sorry for your plight, but I'm grateful that you are sharing it with the rest of us. Thank you for sharing your unbelievable journey, it has helped me to understand what is going on there more clearly.

Thirty years in the works, Fight Back Legal Abuse is the story of one womans fight against a corrupt legal system. Following her own dealings with three negligent attorneys, as well as years of case studies from the abused, author Rose Colombo fights back as an advocate for victims of legal abuse. With her Ph.D. in judicial corruption, Colombo uses more than two decades of true short stories related to injustices, first-hand experiences; documentation, interviews, and proposals of new laws, to make a case for the reformation of the judicial system. Rose Colombo hit the news when she asked the question, "How much justice can you afford?" Written in a language understood by all, void of the legal jargon used by lawyers to overwhelm and confuse their clients, Colombo fights back and refuses to go down to the level of corrupt lawyers. Instead, she forces them to come up to hers.

"it [corruption] really is all true, your friend, Johnny" are the written words of Neb. Senator, John DeCamp addressed to Rose. "Rose thank you for your support the truth shall set us free." Hon. Nancy Wieben Stock, Presiding Judge, Orange County Superior Court.
