Complete wast of money...By Christina MarieThis book is a complete waste of money. All the forms are general and not specific for your state so you have to go on-line and make sure each of the sections are even okay to use in your state. I would recommend just printing your states forms out on-line, for FREE, and then filling out the packet and submitting it. Each section has directions on how to fill it out, so it seems huge and overwhelming, but once you sort through it all it's not so bad, and most of it is self explanatory.
