Carole Levitt, Mark Rosch : Find Info Like a Pro, Vol. 1: Mining the Internet's Publicly Available Resources for Investigative Research (Volume I) before purchasing it in order to gage whether or not it would be worth my time, and all praised Find Info Like a Pro, Vol. 1: Mining the Internet's Publicly Available Resources for Investigative Research (Volume I):

0 of 0 people found the following review helpful. easy to use resourceBy LauraniWell researched, easy to use resource.

This complete hands-on guide shares the secrets, shortcuts, and realities of conducting investigative and background research using the sources of publicly available information available on the Internet. Written for legal professionals, this comprehensive desk book lists, categorizes, and describes hundreds of free and fee-based Internet sites. The resources and techniques in this book are useful for investigations; depositions; locating missing witnesses, clients, or heirs; and trial preparation, among other research challenges facing legal professionals. In addition, a CD-ROM is included, which features clickable links to all of the sites contained in the book.
