Robert Berring, Elizabeth Edinger : Finding the Law, 12th Edition (American Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Finding the Law, 12th Edition (American Casebooks):

0 of 0 people found the following review helpful. Hire a good copy editor.By alex t macdonaldThe book is littered

with gross solecisms and typographical errors. Nearly every page contains at least one mistake. It is unacceptable for the first edition -- let alone the twelfth edition -- of any book to mistake "affect" for "effect." The authors even spelled BRYAN Garner's name wrong. Horrendous job. 0 of 0 people found the following review helpful. Very clear; very informative. By Patti This was a very easy, quick read for a very tough class! I liked having such a nice book to be able to go back to as a quick reference. The type is large, so a review goes very quickly. I was able to go over the material several times just based on the type-set. The information is presented in a very basic, clear-cut manner. Nice to have an easy law book. :) 0 of 0 people found the following review helpful. ... decade before changing career paths and becoming a professor recommended this book. By Ggibbs My law professor who clerked a few years and worked in a big NYC law firm for over a decade before changing career paths and becoming a professor recommended this book. I love it and it is very practical and helpful.

This book provides a comprehensive treatment of print and digital sources of legal information, concentrating on the basics of legal research covered by most law school courses. The book serves as both a text and a reference guide for legal researchers. It covers the context of legal research and includes information on state legal research guides; bibliographies; court reports; case verification and updating; case finding; and sources of federal regulatory agency rules, regulations, and adjudications. It offers guidance on how to read a case and deal with legal authority and provides up-to-date information via a corresponding Web site.

About the Author Robert C. Berring is Librarian and Professor of Law - School of Law (Boalt Hall), University of California, Berkeley. Elizabeth A. Edinger is Reference Librarian - School of Law (Boalt Hall), University of California, Berkeley.
