Daniela Diz Pereira Pinto : Fisheries Management in Areas beyond National Jurisdiction: The Impact of Ecosystem Based Law-making (Legal Aspects of Sustainable Development) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fisheries Management in Areas beyond National

Jurisdiction: The Impact of Ecosystem Based Law-making (Legal Aspects of Sustainable Development):

This book analyses the law-making of ecosystem-based fisheries management in marine areas beyond national jurisdiction as a post-development of the United Nations Convention on the Law of the Sea (UNCLOS) so as to avoid stocks collapse and destruction of critical habitats, and increase the resilience of marine ecosystems.

About the Author Daniela Diz, Ph.D, (2010) in Law, University of Edinburgh, is Marine Policy Officer at WWF-Canada and writer for the Earth Negotiations Bulletin. She holds a master of marine management from Dalhousie University and a Law degree from the Federal University of Rio de Janeiro, and has previously worked as an environmental lawyer in Brazil for over eight years.
