From American Packing Gasket : Flying Solo: A Survival Guide for Solos and Small Firm Lawyers before purchasing it in order to gage whether or not it would be worth my time, and all praised Flying Solo: A Survival Guide for Solos and Small Firm Lawyers:

4 of 13 people found the following review helpful. Motherhood!By JeffI just spent \$15 downloading one chapter of "Business Plans" from the ABA website. I wanted to get some detailed information on setting up a business plan, maybe an outline specifics. Instead, the chapter consists of 13 pages that essentially says it is a good idea to have a business plan! Duh!This review is based on only the one chapter. So maybe the rest of the book is much better. (It better be for the amount of money they are charging!)My recommendation - don't waste your money like I did!14 of

30 people found the following review helpful. Great book for starters, some ideas are better than Foonberg's. By Lawyer Kim H Ji bought both Foonberg's book and this one. Well, I was sick and tired of law firm life and dead and wanted to open my shop. During the time for being ready, I read those books. Flying solo has brand new ideas for lawyers and some ideas are better than Foonberg's. I'm a lawyer in South Korea and I hope many associates of law firms dare to open their own shop. It is a great book.

The contributors share time-tested advice on approaches, methods, systems, and perspectives that have resulted in thriving solo and small firm law practices in the real world. This book contains proven solutions for problems and issues that, sooner or later, every practitioner will have to face.
