From Woodhead Publishing : Foods, Nutrients and Food Ingredients with Authorised EU Health Claims: Volume 1 (Woodhead Publishing Series in Food Science, Technology and Nutrition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Foods, Nutrients and Food Ingredients with

Foods, Nutrients and Food Ingredients with Authorised EU Health Claims provides an overview of how health claims are regulated in the European Union, as well as detailed scientific and regulatory information about permitted health claims for particular types of foods and ingredients. Part one provides a background to the regulation of health claims in Europe. Part two focuses on authorised disease risk reduction claims, claims relating to children's development, and health and proprietary claims. Part three sets out ingredients with permitted general function claims, including choline, creatine, sweeteners, dietary lactase supplements, and polyphenols in olive oil. Part four outlines foods and nutrients with permitted health claims, with chapters on vitamins and minerals, proteins, meat, fish, water, and the replacement of saturated fats. Foods, Nutrients and Food Ingredients with Authorised EU Health Claims is the go-to resource for RD managers and technical managers in the food, and beverage and dietary supplements industry, product development managers, health professionals and academic researchers in the field. Provides a comprehensive overview of foods and food substances that have achieved approved health claims in Europe under Regulation EC 1924/2006. Covers properties and applications of each ingredient, as well as evidence for the health claim and how it benefits consumers. Outlines the importance of each claim in product development and marketing and regulatory issues such as conditions of use.

About the Author Michele Jeanne Sadler is a Consultant Nutritional Scientist and Director of Rank Nutrition Ltd.
