John Lowe, Owen Anderson, Ernest Smith, David Pierce, Christopher Kulander : Forms Manual to Cases and Materials on Oil and Gas Law (Coursebook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Forms Manual to Cases and Materials on Oil and Gas Law (Coursebook):

0 of 0 people found the following review helpful. Pretty easy read though if you have some oil/gas knowledge By Customer Didn't help much with class, but that was because of the professor not the material itself. Pretty easy read though if you have some oil/gas knowledge.

The principal function of this forms manual is to illustrate the exceptional importance of specific language to all contract-based transactions. Unintended ambiguities or carelessness in wording may result in the loss of properties worth millions of dollars. Additionally, differences in state law, regional custom, the identity and interests of the

client, and the peculiarities of the specific transaction require a lawyer to choose carefully which form to use as the basis of the transaction. For this reason, there are often included several forms for the same transaction.
