Ms Rachel Beck : Get Your Child Support!: My Journey Uncovering Hidden Income Tripling My Support Payments before purchasing it in order to gage whether or not it would be worth my time, and all praised Get Your Child Support!: My Journey Uncovering Hidden Income Tripling My Support Payments:

1 of 1 people found the following review helpful. intelligence and best of all an account of her first hand experienceBy

DLOne of a kind this is a gem of a book to read in order to effectively obtain child support from your ex. Rachel lays the necessary groundwork with insight, intelligence and best of all an account of her first hand experience. The Take Away Lessons found throughout the book are especially valuable. As court proceedings are often daunting, Get Your Child Support will be a great companion and source of empowerment to rightfully ask for what your child deserves.0 of 0 people found the following review helpful. I would highly recommend this book for any woman thinking about getting a ...By ShariThis book has loads of inside-the-process information that you don't usually get unless you've been through the process before. Reading her story along with all of the information made it more engaging and interesting. I would highly recommend this book for any woman thinking about getting a divorce or one who has already started the divorce process.0 of 1 people found the following review helpful. A must read!By Mia FortunaValuable resource on divorce - Empowering and Inspiring for Parents who are Divorcing (Especially Women)!While Rachel Beck's book focuses on child support modification, it's a detailed and comprehensive outline on the divorce court process from the trenches (post decree, but still it sheds light on the initial proceedings as well). Reading her story de-mystified the divorce court experience. It also revealed that the "I just want it to be over" attitude, which is all-to-common, can drive people to make the wrong decisions in their divorce agreements - and cost them in the long run.The book is filled with all the details about child support, what's factored into it, and how to get it. It was well worth the money I spent on the book - and I'd recommend it to any parents going through divorce or thinking about it.

Child support is fundamental to single-parent lead households. The recent census has found that half the custodial parents have formal child support orders and less than half of those receive the child support they are due. Why do so few households have enforceable child support orders? Why do more than 25% of all the custodial parents contact the state for help establishing and enforcing child support? Which expenses are covered by child support and which are split and reimbursed? Because the process is lengthy and can be expensive. "Get Your Child Support!" is told through one mother's eyes and experience. It teaches readers about the process of establishing and modifying an enforceable child support order. While it's one mom's story, the process is universal and unchanging. Rachel's story began In 2009 when her child support order was set as part of her divorce decree. The order was based on her ex's unemployment income. During the divorce proceedings, Rachel's ex had bankrupted his businesses and stopped working. Too caught up in the emotional storm that is divorce, Rachel opted not to fight and walked away with a minimal, yet enforceable, child support order. In 2013, Rachel returned to court to modify this original child support order. She knew her ex was back to work and anticipated that the process would be rather simple: she would see his income taxes, the state would set the defined percentage of his income, and that would be that. Well, it didn't work out that way. Her ex refused to show his income taxes and didn't show up for court dates. Things got contentious and complicated fast. Rachel discovered that her ex had reopened a previous business under his girlfriend's name in order to shield that business's income from child support. For nine months, Rachel represented herself: she filed motions, issued subpoenas, and defended her petition in court. Things heated up and Rachel was forced to hire an attorney or walk away from her case. This is Rachel's story of winning a protracted court battle, tripling her child support payments, and getting financial contribution to expenses beyond monthly child support. Informative and extremely detailed, "Get Your Child Support" will inspire and educate single, divorced, or divorcing parents. Her story will: - Walk you through the divorce court process, including the trial. - Lay the groundwork on how to determine whether or not to fight (fighting is so much more costly). - Explain which expenses are covered by child support, and which ones are not. - Teach you how to manage your attorney fees and make the most of what you spend. - Illuminate how Judge's make decisions. - Help you to determine if you need a lawyer and demystify how to go about selecting the right one. Rachel has included her court documents so that reader's can see the actual legal process while reading the behind the scenes. These include: - Original Divorce Decree - Original Marital Settlement Agreement - Original Joint Custody Agreement - Petitions for Child Support Modification - Subpoenas - All Other Court Documents Through Trial "Whether you have an attorney or not, you're in the divorce process or already single, you have got to read this book. Equal parts confessional, crime novel and legal primer, Rachel's story dissects and maneuvers the family law court system. Meticulously detailed with just enough humor to keep you motivated, this book is a must-read for all parents who are divorced or divorcing!" -- O. Schiffman, Author, Editor, Mom "That woman's a steamroller..." -- Attorney for Mr. X [Rachel's Ex] For resources, guides, or just plain sharing go to www.smartdivorcedmoms.com.

About the AuthorI'm not a lawyer or a therapist. If you want that sort of thing, there are a plethora of well-written books and sites out there. Hell, I've read a zillion of them. I'm a single mother who kicked ass in the legal system to get the child support my ex owed. I'm not anything professional or notable - the one thing I am is a 'steam roller' (direct quote per my ex's attorney). My ex was cheating the system, cheating me, and most distressingly, cheating our child. I found out about it through sheer luck and then went on to battle him for over two and a half years. You'd think millions of dollars were at stake. They weren't. It was the difference between \$500 and \$1385 a month - which to any struggling single mom is a windfall. It was the difference between no financial contribution to school and such, and a court ordered 50%. "Get Your Child Support: My Journey Uncovering Hidden Income and Tripling My Child

Support" is my story about going legal Annie to get what is rightfully my child's. I hope to inspire you to stand up and fight for what's right. Don't lose the fire woman warrior goddess you once were. - Rachel
