Randall Gingiss : Gilbert Law Summaries on Estate and Gift Taxation before purchasing it in order to gage whether or not it would be worth my time, and all praised Gilbert Law Summaries on Estate and Gift Taxation:

0 of 7 people found the following review helpful. Purchased used bookBy wwikiSome highlight markes but in good condition, took longer to come than anticipated. Had to postpone my study group.2 of 2 people found the following review helpful. Don't Waste Your MoneyBy SullyThis book is only good for an understanding of the very basic estate and gift tax concepts. Furthermore, it doesn't appear that it has been thoroughly updated in a while because the book's discussion on certain key points is not thorough or nonexistent. I have used Gilberts in the past and have been quite satisfied, but not this time.6 of 6 people found the following review helpful. Don't waste your moneyBy AvidreaderLook for another supplement to help you. This one is terrible -- poor explanations, bad grammar, and terrible organization.

This product provides an easy-to-follow, detailed outline on estate and gift tax that discusses topics such as the substantive aspects of the estate and gift tax, coordination of federal estate and gift taxes, the generation-skipping transfer tax, the taxing jurisdiction, proposals for repeal of the federal estate tax, valuation, computation of tax, and returns and payment of tax.
