Cliff Kincaid : Global Bondage: The U.N. Plan to Rule the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Global Bondage: The U.N. Plan to Rule the World:

2 of 2 people found the following review helpful. Easy read and well documented.By RADONNA S MARSHALLPublished in 1995 you will be surprised how much data is here. He has good footnotes following each

chapter which I prefer over end of book. As a well known journalist, he doesn't interject his opinion but stays with the facts. I like it very much for my reference library. 0 of 0 people found the following review helpful. Five Stars By Janis Foreman Extremely well written and informative 1 of 1 people found the following review helpful. Still relevant, even more so! Written in 1995 ... By johnnyangel Still relevant, even more so ! Written in 1995 and the UN steamroller has become even more encompassing. Though not the global entity predicted as of yet, it shows signs of the same pattern of attempting to configure the nations of the world into one elitist unit. Scary.

"The United Nations is now openly laying plans for a World Government to go along with its already functioning World Army. These plans include global taxation and an International Criminal Court that could prosecute American citizens. Kincaid also exposes U.N.'s support for forced abortion and forced sterilization, efforts to destroy the traditional family, transformation of U.S. soldiers into the U.N., etc."
