Across practice areas and jurisdictions, new lawyers need fundamental lawyering skills. Global Lawyering Skills is designed to teach these fundamental lawyering skills by introducing students to a broader range of skills than a traditional research and writing textbook. While the book covers basic objective and persuasive legal writing skills, it also addresses other lawyering skills, such as oral argument, ARD, transactional drafting, and client interviewing and counseling. Additionally, students need an understanding of how cross-cultural and transnational considerations impact the practice of law. GLS is one of the only legal research and writing textbooks available that covers foreign

legal systems, intercultural competence, and cross-cultural considerations in the practice of law. GLS is sufficient for a two-year curriculum, but would also work well in a one-, two-, or three-semester course.
