It goes against against everything that I hold dear true to my heart values. A dear friend bought me this book in the middle of the worse time of my life, and it was a healing ointment to my soul. It helped me realize that I can still call myself a "Christian" even though I was going through a divorce. How does a Christian take the vows that you said and meant and turn away from them. Even though the divorce was not my desire, I still had to go through the pain heartbreak. I have since then bought 5 of these books to give to friends who are facing the same thing I did. 0 of 0 people found the following review helpful.
